PERSONAL SUMMARY

A keen Unreal Engine game developer in India with a special interest in AI and immersive world creation. I am skilled at creating interactive gameplay experiences with Unreal Engine through technical skills combined with creative storytelling. Driven by my passions for gaming, anime, and 3D art, I wish to develop virtual worlds that are vibrant and memorable.

TECHNICAL SKILLS

- Unreal Engine (Level Design, Game mechanics, Prototyping, Blueprint, AI logic)
- C++
- Python
- Postgres
- Git
- JavaScript
- MySQL
- REST API
- Flask
- Django
- Odoo

PROFESSIONAL EXPERIENCE

EXR Games, Internship

(2 Months)

- Level Design
- Game Mechanics
- Game UI
- Character Movement Components
- AI

Odoo Developer

(Freelance) 2024-2025
